Since Tradestar was formed in 1989, the company has built up a solid reputation with a large number of customers in the UK, France and throughout the world.

TRANSLATION SERVICE

We can manage your translation projects in any language and in almost all fields. The highly qualified translators which are located in our Head Office and throughout the world translate only into their native language and also deal only with subjects which are within their competence.

OUR COMMITMENTS

Quality

- The translators assigned to your projects are selected very meticulously.
- They respect the terminology used in your business.
- Wherever possible we use the same translator for your future projects, to ensure that the same vocabulary is employed.
- We use glossary memory tools which ensure that the technical vocabulary used is always identical.

We obtained ISO 9001 2000 certification in May 2002, which is a reflection of the exceptional quality of our translation service.

Confidentiality

Professional secrecy is imposed on all our translators.

Delivery

We take great pride in the speed of our response to your requests. We take your deadlines into account and do all possible to ensure that your urgent requirements are met (working with teams of translators or at night or over the weekend where necessary).

Price

As a result of our up-to-date organization and modern methods we can offer some of the lowest prices in the translation industry.

Speed

- Each of our translators can translate from 2500 to 3500 words per day, depending on the technical nature and the format of the document.
- For large volumes of text one of our Project Managers sets up a team of several translators and builds up glossaries to ensure that the terms used are perfectly harmonized between the translators.
- Urgent translations : same day service or quicker for short texts.

CUSTOMER REFERENCES

Agco, Akzo Nobel, Alcatel, Alstom, Arco Chemical, Argumat, Boardman Clarke, Brandt, J.I. Case, Cray Valley, Citroën, Clemessy, Defontaine, Elf Atochem, Esco, Ford, Fraco, Hydro-Gear, Jeppesen, Krupp, Kubota, Loctite, LucasVarity, Massey Ferguson, McCormick, Mecalac, Olivetti, Pirelli Cables, Philips, Poclairn Hydraulics, Préciflex (ABB – Robotics Division), Presto, Pricewaterhouse, Renault, Snecma/Elecma, Zeneca...

INTERPRETING SERVICE

Our interpreters are selected in a very rigorous manner.

We can provide a team of professional interpreters for your meetings, conferences, seminars or exhibitions :

- Liaison interpreting,
- Consecutive interpreting,
- Simultaneous interpreting in a booth.

We will normally ask you beforehand for some documentation dealing with the theme, the field or the company concerned so that the interpreter can become fully aware of it and give you the best possible service.

High tech equipment for interpreters and specialist technical assistance can be provided on request.

OTHER SERVICES

» DTP

We provide a "turn-key" DTP service. Your translated documents are page-set, ready for printing (using QuarkXpress, FrameMaker, PageMaker or PowerPoint).

» Websites

Our Webmaster integrates your multi-language files into your website, ready for your foreign customers to read.
